

Academic Staff - Architecture at Carinthia Tech Institute - University of Applied Sciences, Architecture Degree Program

Erich Dallhammer (urban and regional planning, project work)
 2003 partner at OIR (institute for research and consulting)
 2004 member of the institute management
 1995 lecturer at the University of "Bodenkultur". Vienna, working methods of spacial planning
 1992 planning and scientific projects as assistant at university of "Bodenkultur", Vienna, institute spacial planning and rural development (1992-1997); institute vice- chairman (1996-1997)
 1997-2003 RaumUmwelt Planungs-GmbH
 since 2001 university lecturer at Carinthia Tech Institute - University of Applied Sciences, urban and regional planning
 2003 own technical office for urban and regional planning
 work focus:
 regional development and policy,
 urban planning, urban research, local planning,
 environmental and territorial impacts assessment, sustainability and environmental protection,
 landscape architecture, planning methods and processes, planning in the social context

Gert Eilbracht (structural design theory, project works)
 born 1963
 1993 diploma in structural engineering at University of "Gesamthochschule Kassel"
 1993 - 1996 conferral of doctorate scholarship of the DFG-Graduiertenkollegs „identification of material- and system quality“
 1994 Université de Franche-Compte Besancon, Laboratory de Mechanique Appliquee R.Chaleat
 1996 – 1997 research assistant at department of light construction at University of "Gesamthochschule Kassel", (aerospace projects)
 1997 - 1998 member of staff at engineering company EHS, (bridge building)
 1999 - 2000 engineering company KOLT Engineering, (development, structural analysis)
 2000 – 2004 engineering company Werner Sobek, WSI Stuttgart, (building construction)
 since 2004 university lecturer for structural design theory at Carinthia Tech Institute - University of Applied Sciences
 collaboration projects (selection):
 2003 NBIA Bangkok-Airport, WSI (A)
 2003 competition Gogglersbridge Augsburg, WSI (B)
 2003 design of a footbridge Munich, WSI (C)
 2002 IIT (Studenthouse), WSI (D)
 2002 NMM (exhibition tower), WSI (E)

Berndt Gensel (computer aided design, computer science)

born 1945
1964 – 1969 studies mathematics in Chemnitz and Leipzig
1969 – 1978 software engineering in several companies
1978 doctor's degree in mathematics
1978 – 1990 senior assistant and lecturer in computer science at the University for sports (DHfK)
1985 habilitation
1991 – 1997 assistant and lecturer in civil engineering at the Technical University Braunschweig
since 1997 professor for computer aided design and computer science at the Carinthia Tech Institute, school of civil engineering and architecture

Christian Walter Halm (structural engineering 1-4, project work)

born 1966 in Klagenfurt
1986 Leoben Mining University
1986-1993 studies structural engineering, TU Graz
1987-1993 studies architecture at TU Graz
1993-1994 studies architecture at South Bank University of London, Urban Design Studio
1995 diploma in architecture at TU Graz, Prof. G. Domenig
1995 architect at O.Univ.Prof.Arch.Günther Domenig
1999 Ziviltechnikerprüfung
2001 architect at Consult ZT-GmbH
1999 independent activities, individual and in consortium with Domenig
1997 TU-Graz, descriptive technics 1 institute for building science and residential housing
since 2001 university lecturer at Carinthia Tech Institute - University of Applied Sciences, building construction

projects (selection):

1998 Joanneum Graz Motorenprüfanstalt, lab
2000 Zultner office and logistic center, Graz (A) (for Arch. Consult)
2002 power station Xerta (with G. Domenig), run-of-river power station Rio Ebro (Esp)
2002 chess field canopy with Kurt Pock (B)
2004 T- Mobile office center, Vienna (C) (for Arch. Consult)

A

B

C

Alexander Hamedinger (urban and regional sociology, project work)

born 1968
studies political economy at WU, Vienna
1997 conferral of a doctorate of social and business science
1993 sociology/education studies at University of Vienna
1998 assistant, TU Vienna, department: sociology of urban and regional planning and architecture
since 2004 university lecturer for urban and regional sociology, Carinthia Tech Institute - University of Applied Sciences
teaching activities (selection):
"Siedlungssoziologie",
"urban restructuring" (in connection with "Design" at the urban development department), "sociology for architects";
teachings at business management university, Vienna "sociology in the property industry" and "theory of space"

research work (selection):

collaboration projects "promoting action for sustainability through indicators at the local level" (EU-project), "urban sprawl: european patterns, environmental degradation and sustainability" (EU-project), "urban strategy against poverty and social exclusion" (Vienna, AK-Vienna)

Ernst Heiduk (building physics, energy efficient construction, project work)

born 1957 in Vienna

1985 diploma in architecture at TU Vienna

1983-1985 research associate at demonstration lab TU Vienna

1985-1992 collaborating in the architectural studio of „Atelier in der Schönbrunner Straße“

1992 self-employed activities

work focus: energy efficient construction and redevelopment, residential renovation resulting 2001 tribute prize – “house of the future” (B)

energy and technical equipment, buildings conceptions, building physics calculations one family houses, structural alterations, roof conversions, studio/stage constructions

1999 structural alteration residential house, Villach

2002 founder member IG Passivhaus Ost

since 2003 university lecturer at Carinthia Tech Institute - University of Applied Sciences, building physics, energy efficient construction in project work

2004 initiator IG Passivhaus Carinthia

A

B

Angela Lambea (design, project works, basics of design)

born 1960

1979-85 studies architecture at the Escuela Técnica Superior de Arquitectura de Madrid

1978-79 studies painting and drawing at Rafael Hidalgo

1985, 1986 works at office Casas

1991-1992 works at office León Wohlhage

1993 works at office Libeskind

1994-2001, 2002-2003 research assistant at the Institute of building research and design off he TU Berlin at Prof. Peter Berten

2004 Lector at the University of interior design in Kalsruhe (Architectural studio)

since 1995 office Lambea + Voigt Architects

projects (selection):

1987 2.prize Hotel Juan de la Cosa at the beach of Berria

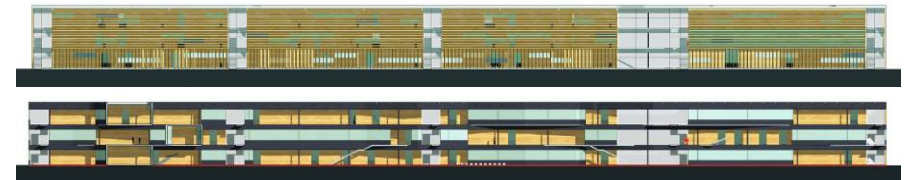

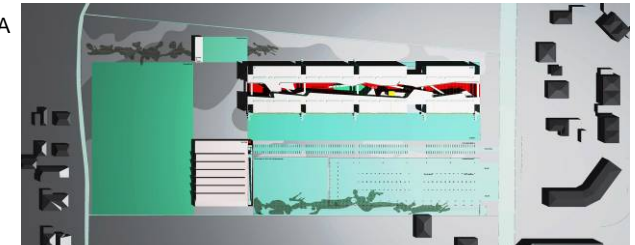

1995 1.prize extension city hall Treptow

2000 Gymnasium in Bruckmühl (A)

2002 3.Prize horticultural show Neubrandenburg

2005 design architectural association building in Madrid

A

Maurizio Meriggi (Architecture & Ethics, Architectural History & Ethics)

Born 1963.

He is professor of architectural and urban design at the Faculty of Civil Architecture of Milan

Polytechnic University, professor of the International Academy of Architecture of Moscow, professor of

Architecture and Ethics in FH Kärnten. He organized exhibitions and published several books and

articles on Russian vanguard architecture: “Konstantin Mel’nikov and the construction of Moscow”, Skira

2000; Una città possibile. Architetture di Ivan Leonidov, Electa 2007; S.A. Sovremennaja Arkhitektura.

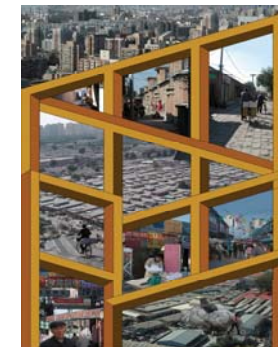

1926-1930, Dedalo 2007. His researches and projects are focused on the topic architecture and new

forms of settlements, investigating case studies in Europe, Russia and China. Researching on this

topics he participated as national delegate to the COST action of European Union “C-11. Green

structure and urban planning” and to others EU program (IP). On these topics he published: “La Città

Verde”, Araba Fenice, 2009; “Beijing-Milan. Territories of Discomfort”., CEPP, 2008.

Walburga Michenthaler (principles of design, project work)

born 1967
1987-97 studies biology, dramatics, sociology and philosophy at University of Vienna and Academy of Applied Arts
1993 project work at School of Fiction in Vienna
1998 musical-production at "Künstlerhaus", Vienna
photographic and editorial contributions for diverse trade journals
1999 co-founder of the "School of Arts Hüttenberg"/HEFT in Carinthia
2004 art consultant in industry and in public sector
exhibitions in Great Britain, Germany, Ukraine, Italy and USA
thematic works on myth, religion and architecture
since 2000 participation in regional and international art contests
2004 exhibition curator
since 2002 university lecturer at Carinthia Tech Institute - University of Applied Sciences
2004 artwork leader: Interreg IIIA fresco-painting, Feltre/Belluno (A-C)

A

B

C

Peter Nigst (design, execution planning in projects)

born 1946 in Vienna
studies architecture at TU Vienna, diploma 1973
1975-1999 assistant and lecturer at Academy of Fine Arts, Vienna
1967-1987 working at studio of Gustav Pechl
1985-1995 dissertation at TU Vienna
since 1987 freelance architect in Vienna
co-founder NFOG 1990 – 2000
Int. competition „The Grand Egyptian Museum“, 2002
since 2002 university lecturer at Carinthia Tech Institute - University of Applied Sciences

projects (selection):

1. prize international competition "Alhambra" and realisation (with Hubmann and Vass)
and 1. prizes in urbanistic competitions at Vienna
2001 priv. residential house, Vienna (A)
1994-2004 a. o.: realisation of public and privat residential buildings, primary schools, Kindergarten
exhibitions and books: „Rafael Moneo - Bauen für die Stadt“, 1993,
„Robert Örley 1876-1945“, 1996, „Architektur am Schillerplatz“, 1996
exhibitions: Venedig, Segovia, Burgos, Sevilla,

A

Nils Peters (theory of architecture, architecture & ethics)

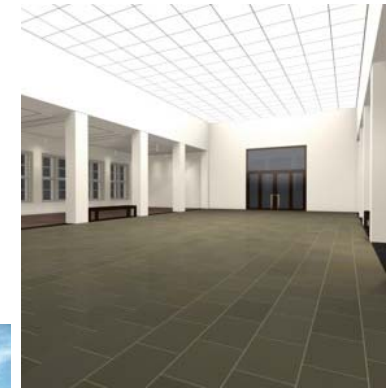

1967 born in Hamburg
1990-1994 studies architecture at the TFH Berlin ;
1995 Master of Science in Architecture and Urban Design at the Columbia University ;
1996 Exhibition TU Berlin „Brüssel – Detroit“ ;
Since 1998 own office, Berlin ;
2003 lector at the TU Graz, Austria, Institute of interior design ;
2005 Publication „Jean Prouvé“ ;
2007 foundation of the publishing compan « archimappublishers » ;
2008 lector the university of applied arts, Studio Zaha Hadid, Vienna, Austria ;
Since 2008 Lector for architectural theory at Carinthia Tech Institute - University of Applied Sciences;
www.petersundwormuth.de

projects (selection):

reconstruction of a Art Nouveau residential building
reconstruction of a Villa in Grünewald
reconstruction of a residential building in Berlin-Spandau
residential building in Berlin-Wannsee
12 One family houses and douplehouses in Neuenhagen at Berlin (A)
residential building in Cork, Irland (B)
reconstruction of a bank in Berlin (C)
redevelopment of a bank of the 30th to a museum of modern arts in Chemnitz (D)

C

A

B

Kurt Pock (structural design theory, timber construction, project work)

born 1964
1983-95 studies civil engineering at TU Graz, specialisation in timber engineering,
1995 diploma, institute of Prof. Pischl
since 2000 consultant for civil engineering
2002 adjuration as legally certified swom general expert
2002 member of the committee for standardization ÖNORM FNA 012 (timber constructions)
1996-1999 engineer for glued timber-constructions, Holzleimbau Hofer GMBH, Lienz
since 1999 working in area of structural design and engineering (timber constructions), research and development, lecturer and member of specialists committee.
since 1997 university lecturer for timber construction, Carinthia Tech Institute - University of Applied Sciences
1999 guest lecturer at TU Graz,
1997-1999 guest lecturer for timber construction at foreman school, Klagenfurt
2003 guest lecture FH Dortmund, architecture department, timber engineering
since 2000 lecturer, timber engineering, project work
FH Holztechnikum Kuchl: technics and economy of timber constructions

projects (selection):

„concrete street pavement on timber bridges“, research project, Carinthia Tech Institute
research and development for “Hasslacher Drauland Timber Company”
”directives for the quality of buildings in timber construction“, research project, timber network Carinthia
bridge, Nationalpark Hohe Tauern, with Christian Halm (A+C)
2002 residential building, timber construction, Harbacherstraße, statics (B)

A

B

C

Erich Prödl (theory of architecture)

born 1964 in Graz;

1978-1983 HTL Mödling, interior design and furniture;

1985 examination for the certificate for building and furniture carpentry;

1987-1992 studies architecture at the academy of fine arts in Vienna;

1994-1995 studies urban design, Columbia University, NYC

1992-1997 works at Roland Rainer in Vienna, Richard Plunz NYC and Heinz Tesar in Vienna;

1995-1998 Juror, Columbia University, NYC; New Jersey Institute of Technology, NJ; Parson's School of Design, NYC;

1997-1999 Office in Vienna; since 1999 office in Graz;

Seit 2001 teaches at the technical university in Graz, Institute for interior design; 2002-2006 board member at the house of architecture in Graz;

2008 architecture live 5, Workshop at the university of applied arts in Vienna;

Since 2008 lecturer at the Carinthia Tech Institute - University of Applied Sciences - architecture

2009 guest professor, Columbia University, NYC;

www.erichproedl.com

projects (selection):

2000-01 administration building Wienerberger, Hennesdorf

2001-03 exhibition- and administration building, Kirchberg (A)

2003 House G, Mödling

2004-2007 House B, Krumau am Kamp (B)

2006-08 multi-purpose hall O, Steiermark

Norbert Randl (Massiv- und Stahlbau)

born 1967 in Innsbruck

1985 – 1993 studies civil engineering at the university of Innsbruck

1997 dissertation about „load transmission between existing and new buildings“

1992 – 2000 Research Assistant, Department for Concrete Structures, Faculty of Civil Engineering,

University of Innsbruck, Austria

2000 - 2001 Consulting Engineer, Engineering Office Dr. Resch, Innsbruck, Austria

2001 - 2006 Business Unit Anchors, Hilti Corporation, Kaufering, Germany: Development of Fastening and Strengthening Techniques

2002 – 2006 Head “Technical Data and Approvals”

Since 2007 Professor for Concrete and Steel Construction, School of Civil Engineering and Architecture, Carinthia University of Applied Sciences, Austria

Recent fields of research:

Strengthening of RC Members

Behavior and Design of Fastening Systems and Post-Installed Rebars

Anchorage of Fasteners in High Performance Concretes

Analysis, testing and design of high strength composite structures

Teaching activities:

Design of Reinforced and Prestressed Concrete Structures Fastening Technology and Strengthening of RC Members

Basics in Design of Steel and Steel Composite Structures

Memberships:

Austrian Standards Committee on Building Codes for Concrete Structures

Member of International Federation for Structural Concrete fib

Eva Rubin (interior design, project work)

studies at Academy of Applied Arts, Vienna
diploma 1969, prize of the City of Vienna
studio Prof. Rainer
studio VAN DEN BROEK EN BAKEMA
studio Prof. O. Uhl
since 1985 freelance architect in Carinthia
1989, 1994 award of special recognition of Carinthia
1996 award of special recognition in competition of TU Vienna, "solar supported lowenergy housing"
1997 G. Domenig special prize
1999 "Frauenkulturpreis"
2001 architectural award of Carinthia
1996 1.prize residential building "Staupitzhof" (172 WE) Klagenfurt
2002 1. prize in „urban design concept Bleiburg"
since 2002 university lecturer for interior design, Carinthia Tech Institute - University of Applied Sciences
1997 Strohlehmhaus (A)
Music school Klagenfurt (B+C)

A

B

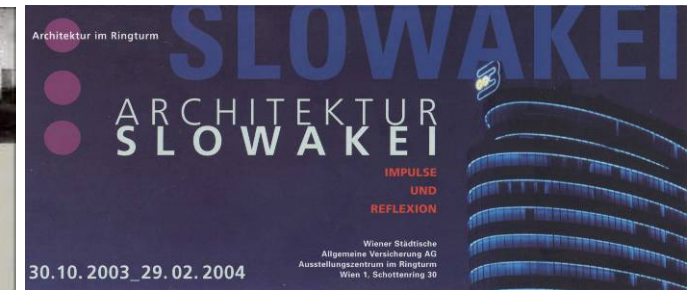

C

Adolph Stiller (architecture & ethics)

born 1956 in Vienna.
studies at Academy of Fine Arts, Vienna, Prof. Gustav Pechl
architectural history at Unité Pédagogique Paris-Versailles
studies french language at Alliance française, Paris
roman languages and linguistics, University of Vienna
postdiploma-studies at university of Geneva
1988-98 university lecturer at Academy of Fine Arts, Vienna (object analyses, architecture & environment design, architectural history)
1997 visiting professor at Ecole d'architecture de Versailles
1998 guest lecture, University of Houston, Texas
1999-2000 visiting professor, University of Linz
2002-2004 visiting professor, TU Graz (architectural history)
2004/05 visiting professor, University of Venice
since 2004 university lecturer for architecture & ethics, Carinthia Tech Institute - University of Applied Sciences
achievements (selection):
exhibitions: Le Corbusier (Centre G. Pompidou, Paris) Carlo Mollino, Visionäre & Vertriebene (Kunsthalle Vienna) Oswald Haerdtl, Japan:45 unter 45 (Ringturm, Vienna), Architektur Slowakei (B)
books: Carlo Mollino baut in den Bergen, 6 Häuser, Der Ringturm, Oswald Haerdtl Architekt und Designer (A)

A

B

Franz Sumnitsch (object development)

born 1961 in Klagenfurt

studies architecture at the technical university in Graz

1990 Diploma at Günther Domenig

1987-1988 Working with Günther Domenig

1989 Team BKK

1992 Team BKK-2

2000 Team BKK-3

Since SS 2007 Lector for Objectdevelopment at the Carinthia Tech Institute - University of Applied Sciences - Architecture

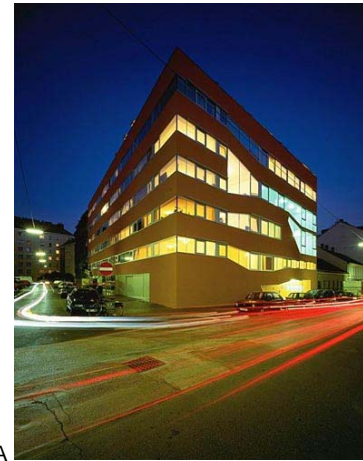

www.bkk-3.com

Projekte (Auswahl):

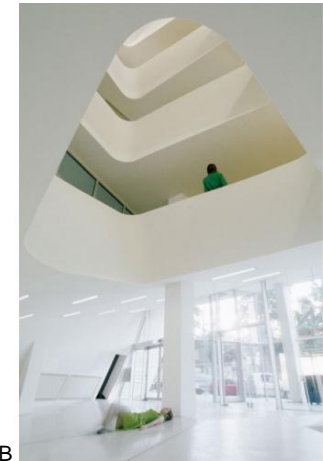

1996 Sargfabrik, Wien (BKK-2); 2000 Miss Sargfabrik (A), Wien; 2001 IP-ONE, Wien;

2003 IP.TWO (B) , Wien; 2004 Grasshopper, Wien; 2005 ICUB, Lustenau;

2007 Volksbankzentrale, Salzburg

A

B

Maria Wagener (urban development, urban design)

born 1965

1984 – 1990 studies urban and regional development UG Siegen

1991 - 1996 activities in planning and architecture offices in Hannover, Oberhausen, Cologne

1994 – 1996 research assistant at institute of urban and regional development, department of architecture, TU Braunschweig

1996 – 2002 scientific assistant at department urban development and Bauleitplanung, department land use planning, University of Dortmund

1997 – 1999 Bauerhaltung / Bauerneuerung

Bergische Universität-Gesamthochschule Wuppertal

1997 foundation of the office: R.W.Architekten Stadtplaner, Cologne

collaborating with: ST-Freiraum Landschaftsarchitekten, Duisburg

work focus:

interfaces in urban and open space planning,

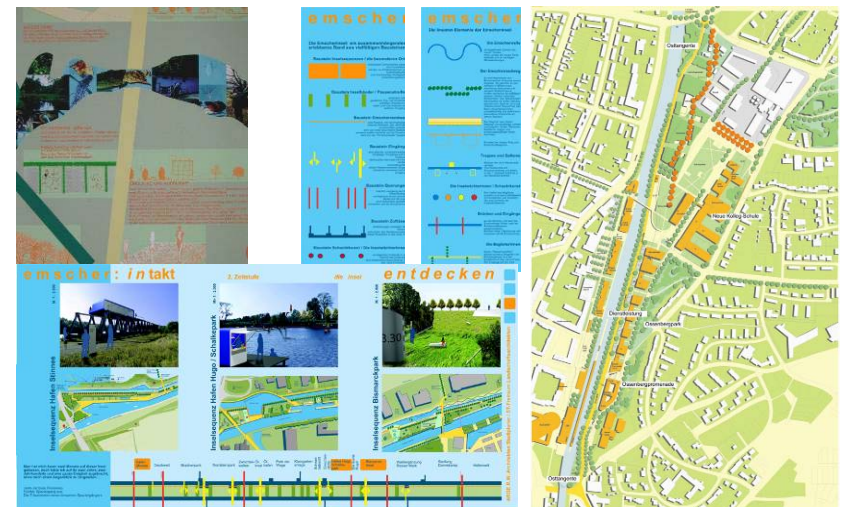

planning in urban and regional landscapes,

urban perimeter planning, wasteland restoration,

state of planning and construction, valuing and structuring public space,

since 2002 visiting professor for urban development FH Dortmund, department of architecture

since 2004 university lecturer for urban development, Carinthia Tech Institute - University of Applied

Andreas Voigt (design, project work)

1960 born in Hildesheim
1980 Studies Architecture at the technical University Darmstadt;
1985 Works at Bangert, Jansen, Scholz und Schultes;
1991 Competition „Potsdamer Platz“ (bei Axel Schultes);
1992 -1994 Works at Studio Libeskind „The Tenth Muse“, „Invisible Busstop Wetzlar“;
1994 – 1999 research assistant at the Institut for urban planning and settlement, Prof. Luise King (TU Berlin);
1997 Forming of „Lambea+Voigt Architekten“;
2000+ University of composition in Karlsruhe, Assistent of Prof. Daniel Libeskind;
2003 University of composition in Karlsruhe, Guest professor for Architektur;
2006 substitute professor for temporary architecture at the University of composition in Karlsruhe;

Reinhold Wetschko (design, building science, project work)

born 1959 in Klagenfurt
1977-1983 studies architecture at TU-Graz
1983-1989 assistant at department of architecture, TU-Graz
1983-1989 working at the studio of Prof. F. Riepl, München
1989 own architectural office, first in Graz, now in Klagenfurt
Project partnership with Ferdinand Brunner, Edgar Egger, Ernst Roth, Roland Winkler
1998 member of the board of directors of the architectural association for Carinthia and Styria
1999-2002 member of the national competition committee
since 2001 university lecturer for building science and design at Carinthia Tech Institute - University of Applied Sciences
2002 guest lecturer at the international design-course at RWTH Aachen, institute for “Bau- und Raumgestaltung”
2003 president of „Zentralvereinigung der Architekten Österreichs“, Landesverband Carinthia
projects (selection):
1999 residential building in Klagenfurt (A)
2000 Wifi technical center Klagenfurt, Kärntner Landesbaupreis 2001
2001 Schöllerbank Klagenfurt (B)
2002 residential building, timber construction, Harbacherstraße (C), Klagenfurt, timber construction prize 2002

Research Assistants - Architecture

Norbert Arnold

born 1976

1996 – 1999 education for carpenter

1999 – 2004 Studies civil engineering at the Universita Magdeburg- Stendal (FH)

2005 – 2007 Master studies preservation of monuments at the University of Halle-Wittenberg and the University of Anhalt in Dessau (FH)

Since 2008 research assistant – Carinthia Tech Institute - University of Applied Sciences – civil engineering

Christoph Buxbaum

born 1973

1996 – 2001 studies architecture university Innsbruck

2001 diploma Prof. Günther Domenig

2001 Doktoratsstudium Universität Innsbruck Dissertationsthema:

energy efficient construction with the emphasis on „airtight building surfaces“

since 2004 research assistant, structural engineering – architecture, Carinthia Tech Institute - University of Applied Sciences, building physics / research

Sonja Hohengasser

born 1973 in Feldkirchen/Carinthia

1992-2001 Studies Architecture at the technical university in Vienna

1992-2004 Office Pucher

1995 Architectural office Michler

2002 MAGK Architects Aichholzer.Klein

2002-2003 Oberlik Architekt ZT GmbH

Since 2005 research assistant – Carinthia Tech Institute - University of Applied Sciences – Architecture

Joachim Juhart

born 1972

studies civil engineering, specialisation constructive engineering at TU Graz.

work at engineering office in Linz.

responsibilities: design, static calculations, constructive engineering and projectmanagement

primarily: of concrete- and composite bridges. research about new composite construction methods for bridges

and high qualified structural design of concret/glass-elements.

since 2004 research assistant at the degree programm of civil engineering and architecture, Carinthia Tech Institute - University of Applied Sciences, diploma support/ research

Guntram Müller

born 1980 in Salzburg

1994-1999 school of engineering in Salzburg

2000 Academy of fine arts, Hallein

2000-2006 Studies architecture at the academy of fine arts in Vienna, Diploma (topic housing for elderly people) at Rüdiger Lainer, honoured with the Pfann – Ohmann Prize

2004 2006 Studies architecture at the royal danish academy of fine arts in Copenhagen- Institute of urban planning and landscape architecture

1998-2006 working at several architectural offices: Halle 1, Lechner und Lechner, Franz Fonatsch, Leitner & Marius, Mayr und Seidl, Helmut Heistingner, ACC

Since 2006 research assistant – Carinthia Tech Institute - University of Applied Sciences - Architecture

Almuth Eva Schindler

born 1978 in Düsseldorf

2001 – 2005 Studies Project management and civil engineering at the Carinthia Tech Institute - University of Applied Sciences

2005 – 2006 Studies Architektur und Object development the Carinthia Tech Institute - University of Applied Sciences

01/2007 – 08/2008 Architectural office Valtiner in Lienz

08/2008 – 01/2009 Timber work Tschabitscher in Steinfeld/Drautal

since 03/2009 research assistant – Carinthia Tech Institute - University of Applied Sciences – civil engineering

Jörg Störzel

born 1976, Dresden

1996-2000 studies civil engineering at „Hochschule für Technik und Wirtschaft“ (HTW), Dresden

2000-2004 postgraduate studies at Fachhochschule Nordostniedersachsen, U Hannover and TU Darmstadt

Masterdegree program: Applied Computing in Civil Engineering (Bauinformatik);

2000-2001“ Internationale Architektur Werkstatt“, Dresden

2002-2004 assistant lecturer at faculty for urban construction TU Dresden

since 2004 research assistant at Carinthia Tech Institute - University of Applied Sciences, department of construction informatics; responsibility in teaching, research and IT.

Jürgen Wirnsberger

born 1984 in St. Veit/Carinthia

2004-2009 studies architecture at Carinthia Tech Institute - University of Applied Sciences

2006-2010 works at Architect DI Ernst Roth

Since 2010 research assistant – Carinthia Tech Institute - University of Applied Sciences - Architecture

Workshopsleaders since 2002 at Carinthia Tech Institute – University of Applied Sciences, architecture study programm

Volker Giencke SS 2002

born 1947
studies architecture and philosophy at Graz and Vienna.
since 1981 own architectural office at Graz.
several awards
Professor for architectural design at the University of Innsbruck.
projects (assortment):
landing stage at „Wörthersee“, Klagenfurt, 1979-82 (with Günther Domenig); onefamily-houses at Graz; glashouses of the Botanical Institut at University of Graz, 1982-93; exhibition-, office and store-building for plumbing trade, Klagenfurt 1989-90; church “Aigen im Ennstal”, Styria, 1985-92; Austrian-pavillion at EXPO 92, Sevilla; sportshall, Graz 1987-93; dwellings “Carl-Spitzweg-Gasse”, Graz, 1992-93, hotel "Speicher", Barth, Germany, 1995-97

Felix Wettstein SS 2003

born 1962, Zürich
1988 diploma with Prof. Flora Ruchat und Prof. Hans Kollhoff at ETH Zürich.
working as architekt in the studios of Rafael Moneo und Manuel Solà-Morales at Madrid and Barcelona.
Engaged at the chair for history and theory of architecture of Prof. Giorgio Ciucci
1990-96 assistant for design at the institute of Prof. F. Ruchat at ETH Zürich.
Lecturer for projects within postdiplomastudies "Gebaute Landschaften" at ETH Zürich.
1992 - 95 architectural office with Andreas Stöcklin at Basilea
since 1995 the current architectural office with Sandra Giraudi at Lugano, Svizzera
1996-2002 Railwaystation SBB Basilea with A. Cruz, A. Ortiz
1998-2000 Informatic-building complex USI, Lugano
2004 “Casa le Terrazzo”, lugano

Walter Unterrainer WS 2002

born 1952, Innsbruck
studies architecture at TU Innsbruck
2 years studies and practise at London
1980 freelance architect with office at Feldkirch
cofounder of the group „Vorarlberger Baukünstler“
1980 mainly engaged with ecological and biologically orientated projects. Design and execution of prefabricated buildings in timber construction (with maximum sized spacial elements).
1984 specialisation to „Niedrigstenergiearchitektur“
1988 realisation of the first “Solar”-schoolbuilding in Austria together with H. Kaufmann (competition) and Sture Larsen, several housing-projects and 1991 specialisation towards new methods of prefabrication in timber construction
1994 lecturer for design and construction at FHL, Vaduz
1995 Workshops at universities at London, Aachen, Stockholm, Tallin, Bologna, Vienna, Glasgow, Skopje, Ljubljana, Kiew, Carinthia

Oliver Kaufmann SS 2004

born 1964, Vienna
1982-1985 studies in architecture first at TU Vienna,
1985-1992 School of architecture, Academy of Fine Arts, Vienna,
Schillerplatz, “Meisterschule” Gustav Peichl
1996 own architectural studio at Vienna
1999 studio together with Max Wanas
2000 1.prize competition „Landeskrankenhaus Rottenmann“, Styria
2000 1. prize competition „new archives of the library“, University of Vienna
2000 „officepavillon“ in a court of the Townhall of Vienna
2000 redesign an enlargement of Dr. Ziegler ambulance. Neustift am Walde, Vienna
2004 enlargement of HBLA/HTBLA Braunau
2004 1.prize, competition for local firebrigade, HFW Leopoldstadt, Vienna

Helmut Hempel SS2004

born 1948, Vienna
studies at Academy of Fine Arts, Vienna
School of architecture, Ernst A. Plischke
1974 freelance architect and interior designer (BOIA)
1994-96 interimistic head of „Institut für Sakrale Kunst“, Academy of Fine Arts,
2000 Lecturer structural engineering
1981-1991 architectural studio with Franco Fonatti
1991 current office with Irmo Hempel,
1997 HEMPEL + HEMPEL

Paul Katzberger WS 2004

born 1957, Vienna
1976-82 studies architectur, at Academy of Fine Arts, Vienna
1978 architectural office with Karin Bily.
1983 “Josef Frank-scholarship”
1986-89 guestprofessor at “Rhode Island Schoo of Design”, USA
1987 „La Città e il Fiume”
1989 Aktion Poliphile, Frankfurt
1990 Pohvalo Piranesi
projects (assortment):
1978 bookstore „Valthe“
1989-93 livinghouse „Neuen Leben“, Vienna

since 2001 university lecturer at Carinthia Tech Institute - University of Applied Sciences, building construction

Ernst Heiduk (building physics)

born 1957 in Vienna

1985 diploma in architecture at TU Vienna

1983-1985 research associate at demonstration lab TU Vienna

1985-1992 collaborating in the architectural studio of „Atelier in der Schönbrunner Straße“

1992 self-employed activities

work focus: energy efficient construction and redevelopment, residential renovation

resulting 2001 tribute prize – “house of the future” (B)

energy and technical equipment, buildings conceptions, building physics calculations

one family houses, structural alterations, roof conversions, studio/stage constructions

1999 structural alteration residential house, Villach

2002 founder member IG Passivhaus Ost

since 2003 university lecturer at Carinthia Tech Institute - University of Applied Sciences, building

physics, energy efficient construction in project work

2004 initiator IG Passivhaus Carinthia

Sonja Hohengasser (architectural mediation)

born 1973 in Feldkirchen/Carinthia
1992-2001 Studies Architecture at the technical university in Vienna
1992-2004 Office Pucher
1995 Architectural office Michler
2002 MAGK Architects Aichholzer.Klein
2002-2003 Oberlik Architekt ZT GmbH
Since 2005 research assistant – Carinthia Tech Institute - University of Applied Sciences – Architecture
2002-2003 Oberlik Architekt ZT GmbH
seit 2005 wissenschaftliche Mitarbeiterin, Bauingenieurwesen – Architektur, FH-Kärnten

Joachim Juhart (Bauen mit UHPC)

born 1972
studies civil engineering, specialisation constructive engineering at TU Graz.
work at engineering office in Linz.
responsibilities: design, static calculations, constructive engineering and projectmanagement
primarily: of concrete- and composite bridges. research about new composite construction methods for bridges
and high qualified structural design of concret/glass-elements.
since 2004 research assistant at the degree programm of civil engineering and architecture, Carinthia Tech
Institute - University of Applied Sciences, diploma support/ research

Robert Kutscha (landscape architecture)
