Furthermore, the most important methods of international market research will also be covered.	

International Business Management Course Catalogue

Title of lecture		International Sourcing
ECTS	4	
Semester	2	
Type of Course	INTEGRATED LECTURE	
Exams	continual assessment	
Contents	Students will become familiar with the characteristics of international sourcing, whereby particular focus will be placed on investment goods. International sourcing management, international sourcing strategies as well as sourcing controlling will be central elements of this course.	
Title of lecture		Export Management
ECTS	5	
Semester	2	
Type of Course	INTEGRATED LECTURE	
Assessment	continual assessment	
Contents	Course contents cover issues such as export basics, principles of assessing the international environment and export market selection as well market entry strategies, export entry modes. Students will be introduced to the organization of export activities. Further topics will be personal selling within an international context and farimanagement.	
Module: IBM/03	Title: Regulatory Frameworks for International Business Activities	ECTS: 13
Study Program	International Business Management	
Curriculum	Semester 1, 2 and 3	
Subject Area	Law	
Level	Introduction and Specialisation	
Contents of the Module	This module highlights the legal requirements as well as questions of financing and accounting. The legal prerequisites include European Business Law and the impact of fundamental freedoms on European Competition Law. Further important aspects are setting up international contracts and e-commerce. In the field of financing and accounting, the ability to analyse balance sheets and knowledge of different bookkeeping standards in an international context are essential. Also international finance policy affects companies, thus, it is important that students understand these influences.	

International Business Management Course Catalogue

Title of lecture		International Accounting
ECTS		3
Semester		1
Type of Course		INTEGRATED LECTURE
Assessment		continual assessment
Contents		This course covers the accounting regulations based on IAS/IFRS, including the balance sheet approach and the evaluation of selected situations, as well as the creation of both an individual and consolidated financial statement in accordance with these regulations.
Titel der Lehrveranstaltung		European Business Law
ECTS		3
Semester		2
Type of Course		INTEGRATED LECTURE
Assessment		continual assessment
Lehrinhalte		This lecture covers European Business Law. In addition to discussing the function of fundamental freedoms, this lecture will focus on EU Competition Law. Moreover, insight will be given into the purpose of the WTO.
Title of lecture		International Finance
ECTS		3
Semester		2

International Business Management Course Catalogue

Module: IBM/04	Title: SECE Specific Soft Skills	ECTS: 9
Study Program	International Business Management	
Curriculum	Semester 1, 2 and 3	
Subject Area	Interdisciplinary	
Level	Introduction and Specialisation	
Contents of the Module	Knowledge of culture concepts and theories; knowledge of national cultures and specifically the value orientation in Austria and SECE countries; developing (personal) strategies for conflict management and dealing with negotiations in an international context; the ability to effectively work in intercultural teams.	
Title of lecture	Intercultural Communication 1	
ECTS	2	
Semester	1	
Type of Course	INTEGRATED LECTURE	
Assessment	continual assessment	
Contents	The first of three semesters of Intercultural Communication aims to raise students' awareness of cultural differences. Stereotypes and prejudices about one's own and other cultures will be explored, in particular, South-eastern and Central Europe. Reasons for cultural misunderstandings will be investigated. Practical examples and role plays will help learners to understand cultural differences.	
Title of lecture	Intercultural Communication 2	
ECTS	3	
Semester	2	
Type of Course	INTEGRATED LECTURE	
Assessment	continual assessment	
Contents	The second course will focus mainly on corporate culture and how to manage increasing intercultural business contact, in particular, international negotiations in an international business context, again focusing on southeast and central Europe.	

International Business Management Course Catalogue

Title of lecture		Intercultural Communication 3	
ECTS	4		
Semester	3		
Type of Course	INTEGRATED LECTURE		
Assessment	continual assessment		
Contents	The primary aim of the last course on Intercultural Communication is to encourage cultural sensitivity and to see diversity as an opportunity, as well as analysing how to identify and deal with potential areas of conflict and look at the corporation of the future in an increasingly global working environment. The learners will be expected to focus on their role as potential international business manager and interculturally competent individual in society.		
Module:	Title:	ECTS:	
IBM/05	SECE Business Environment	21	
Study Program	International Business Management		
Curriculum	Semester 1, 2 and 3		
Subject Area	SECE- specific contents		
Level	Introduction and Specialisation		
Contents of the Module	Economic framework, history and politics of SECE countries. Enable ability to critically reflect regional analyses and country studies. This course will also cover the peculiarities of technical infrastructure in SECE countries with a particular emphasis on IT infrastructure. European Structural Funding and the possibility to acquire European funds; knowledge of responsible institutions and regulations for national subsidies. Enable learners to process a model for the internationalisation of value creation.		
Title of lecture		Doing Business in SECE 1	
ECTS	3		
Semester	1		
Type of Course	INTEGRATED LECTURE		
Assessment	continual assessment		
Contents	Country and regional studies regarding the history, politics, culture and economy of SECE countries.		

International Business Management Course Catalogue

Title of lecture		Doing Business in SECE 2
ECTS	4	
Semester	2	
Type of Course	INTEGRATED LECTURE	
Assessment	continual assessment	
Contents	Development of economic ties between SECE countries and western Europe (the EU, in particular Austria); cultural and institutional barriers for the transfer of material, financial and information resources. Market entry strategies in SECE countries (Non-Equity Cooperations, Licence Agreements, Export, DI, Joint Venture). Connection between transfer barriers and market entry strategies.	
Title of lecture		IT Infrastructure in SECE
ECTS	3	
Semester	3	
Type of Course	INTEGRATED LECTURE	
Assessment	continual assessment	
Contents	The IT infrastructure in SECE is partially different to the infrastructure in western Europe. This course will aim to make that clear, offering a general overview on IT infrastructure and then highlighting particular topics in detail. Structure and development of networks for data transfer, data exchange (regulations) and general make-up of IT landscapes (HW-Infrastructure, SW-Architectures, Middleware etc.)	
Title of lecture		European Funding
ECTS	3	
Semester	3	
Type of Course	INTEGRATED LECTURE	
Assessment	continual assessment	
Contents	Design, development and institutions of European Structural Policy; Regional financial means; practical exercises on the acquisition of subsidies.	
Title of lecture		Interregional Project – Case Study
ECTS	8	
Semester	3	
Type of Course	INTEGRATED LECTURE	
Assessment	continual assessment	
Contents	Creation of a practical model for managing international projects in SECE countries.	

International Business Management Course Catalogue

Module: IBM/06	Title: Economic Conditions of International Business Activities	ECTS: 13
Study Program	International Business Management	
Curriculum	Semester 1, 2 and 3	
Subject Area	SECE specific contents	
Level	Introduction and Specialisation	
Contents of the Module	<p>The main aim of this module and the courses therein is for students to gain the economic understanding necessary for international business activities. This covers in particular:</p> <ul style="list-style-type: none"> • basic understanding of the functioning and economic impact of international trade activities and policy, • general knowledge of the impact of economic growth and regional development, • detailed knowledge of content and impact of European Economic and Financial Policy, • ability to analyse economic framework data of southern and central eastern European economies as a consequence of the particular regional focus of the study program. 	
Title of lecture	International Trade and Globalization	
ECTS	3	
Semester	1	
Type of Course	INTEGRATED LECTURE	
Assessment	continual assessment	
Contents	<p>The main focus of this course will be the theory and policies of international trade from an economic perspective. This includes basic models and political instruments from economic international trade theory as well as the analysis of the impact of exchange rates on relevant economic factors (foreign exchange markets, price, interest, production, etc.) and the discussion of selected problems concerning international macro-economic policy in times of globalisation (global capital markets, optimal currency area, integration and developing countries, etc).</p>	

International Business Management Course Catalogue

Title of lecture		Economic Growth and Development
ECTS	3	
Semester	1	
Type of Course	INTEGRATED LECTURE	
Assessment	continual assessment	
Contents	<p>This course focuses on the analysis of determining factors for economic development. In light of new growth theories, students will be introduced to central influences on innovation-oriented behaviour of entrepreneurs and their significance for the growth of an economy. In addition to economically relevant factors (technical advancement, human capital, etc) the meaning of state, cultural, geographical and natural factors will be considered. In particular, the process of 'catching up' will be analysed, which is common for economies in transformation processes.</p>	
Title of lecture		EU Economic and Fiscal Policy
ECTS	3	
Semester	2	
Type of Course	INTEGRATED LECTURE	
Assessment	continual assessment	
Contents	<p>Students will be made familiar with the economic aspects of the European integration process, covering the historical background, institutional particularities and relevant economic data regarding the European Union, including the theory of economic integration as well as measuring the economic impact of the integration process. Furthermore, students will be enabled to analyse the different political areas of the European Union (domestic market policy and competition policy, money and currency policy, transport, environmental policy, etc). This includes analysis of EU finances as well as an evaluation of the future enlargement process.</p>	

International Business Management Course Catalogue

Title of lecture			Economic Features of Transition Countries		
ECTS	4				
Semester	3				
Type of Course	INTEGRATED LECTURE				
Assessment	continual assessment				
Contents	This course combines the material covered in previous economic lectures (International Trade and Globalization, Economic Growth and Development, EU Economic Policy) in the context of the macro-economic conditions of the south- and central eastern European transition countries. Based on national case studies, the status quo and economic development potential and evaluation of the aforementioned nations will be economically analysed and evaluated based on their economic and finance policies.				
Module: IBM/07	Title: Language				ECTS: 16
Study Program	International Business Management				
Curriculum	Semester 1, 2, 3 and 4				
Subject Area	Interdisciplinary, Language				
Level	Introduction, Specialisation, Advanced				
Title of lecture			Language 1		
ECTS	4				
Semester	1				
Type of Course	Exercise				
Assessment	continual assessment				
Contents	Students choose between the foreign languages Slovene, Italian, German (as a foreign language), Russian and Croatian. Students start as total beginners to also benefit from the effects of experiencing a completely new environment in which everything is unknown. During the first semester students acquire basic communication skills, for example, how to introduce themselves, or cope with everyday situations, such as in a restaurant or shop. Topics of everyday life will be covered (family, hobbies, etc).				

International Business Management Course Catalogue

Title of lecture		Language 2	
ECTS	4		
Semester	2		
Type of Course	Exercise		
Assessment	continual assessment		
Contents	The second semester of language builds on the basic skills acquired in the first semester and expands vocabulary and grammar as well as overall communication skills. Students will be expected to write simple texts and discuss topics of the day. Country studies will also be briefly addressed.		
Title of lecture		Language 3	
ECTS	4		
Semester	3		
Type of Course	Exercise		
Assessment	continual assessment		
Contents	Building on past semesters, this course now aims to slowly expand learners' specific vocabulary in the area of international business. Telephoning skills, short dialogues and business meetings will be practised.		
Title of lecture		Language 4	
ECTS	4		
Semester	4		
Type of Course	Exercise		
Assessment	continual assessment		
Contents	The fourth semester covers primarily business language. Dealing with business correspondence, successful meetings, appropriate business behaviour, rejection, persuasion and making recommendations.		
Module:	Title:	ECTS:
