Connected to the digital future, modern communication technology has made an integral imprint on our everyday lives. Communication Technology determines the speed of innovation and research activities in a variety of business, economics and technical areas. It is connecting people every day everywhere. Understanding and developing communication technologies therefore offer the best opportunities for your professional career.

JOBS AND CAREERS

A communication technology expert is expected to be familiar with all network standards and protocols. Therefore, graduates of the Master of Science degree program have a practical as well as theoretical understanding in all of the following areas:

- Cybersecurity
- 5G and beyond networks
- Network design & management
- Internet of Things
- Legal and ethical frameworks

Moreover, graduates can use their acquired professional and methodological competence to pursue a further scientific specialization in the form of a PhD at a technical university.

COURSE INFORMATION

The principle goal of this programme is to prepare our graduates for the dynamic and continuous changes of the digital world and thus, be in the position to successfully participate in its future developments. This practice-oriented degree programme provides our students with the ability to deal with the supposedly incomprehensible chaos of data transmission in technical networks and to plan and regulate modern communication systems. After graduation from this degree programme at Carinthia University of Applied Sciences – campus Klagenfurt, you will have acquired well-established qualifications to undertake the responsibility for activities in private companies or in research institutes.

COMMUNICATION ENGINEERING

COMMUNICATION ENGINEERING

Academic Degree: Master of Science in Engineering (MSc)

ECTS Credits: 120

Language: English

Study places per year: 20

Location: Campus Klagenfurt
Preforschergasse 8-10, 9020 Klagenfurt

Duration: 4 semesters

Schedule: Mon-Fri 4:50-8:20 pm, Sat 8:30 am-4:00 pm (classroom teaching with online parts)
